

TENAFLY
Nature Center

CORPORATE MEMBERSHIP

Corporate Membership provides your employees with memberships to our organization. As a member supported, not-for-profit organization, membership is critical to fulfilling our mission. Tenafly Nature Center is independent and does not receive state and/or county support. Memberships expire one year from your join date and are 100% tax deductible.

Our members actively enjoy nature, exercise outdoors, reduce stress levels, participate in educational programs and attend fun family events. Our over seven miles of trails will provide your employees an inspiring outlet for healthy activities, creativity and peace of mind. By becoming a Corporate Member, you will:

- reward your employees
- promote healthy lifestyles
- increase employee engagement

As a Corporate Member, you send an important message to the community. Your support says you care about preserving the environment and providing the community with a peaceful nature sanctuary. Your business will be proud to demonstrate itself as a leader for its commitment to environmental stewardship, education and sustainability. To join mail this completed form with check made payable to Tenafly Nature Center. To pay by credit card please visit our website.

YOUR MEMBERSHIP HELPS

- Keep our grounds and trails open admission free, 365 days a year.
- Maintain over seven miles of trails and nearly 400 acres of forest, streams and wetlands.
- Actively manage habitats for native wildlife.
- Offer affordable community programs for people of all ages and interests.
- Provide high quality education programs for schools, scouts, and local families.
- Provide scholarships for campers and special needs programs that could not otherwise afford to visit.
- Feed and care for our collection of 25+ Animal Ambassadors.
- Answer questions from our community about living with nature and rescuing wildlife.
- Train high school and college interns for natural history and education careers.
- Maintain the Redfield Building, Pavilion and other facilities used by 23,000 people each year.
- Record natural happenings, species accounts, and coordinate with area environmental organizations.
