## CELEBRATING 50 YEARS OF ENVIRONMENTAL LEADERSHIP

Tenafly Nature Center wishes to thank everyone who attended and supported our **50th Anniversary Gala** celebration on March 6. We extend particular thanks to the Event Committee, to Co-Chairs Eileen Pleva & Mary Beth Wilmit, to Honorary Chair Aidan Quinn, to TNC's staff and to the Board of Trustees for making the evening a great success.

We congratulate Alpine's Mayor Paul Tomasko, TNC's **Founders' Award for Conservation** recipient, for his efforts to preserve open spaces and model environmental leadership

We are indebted to the efforts of **TNC's Past Presidents**, who brought the founders' vision of a "Green Island" in Tenafly to life over the past 50 years.

We look to your continued support and participation as we celebrate our past and work to preserve our future, bringing our founders' vision of open space preservation, environmental education and leadership to the next generation.

**THANK YOU** from all of us at Tenafly Nature Center!
